

AN ISO 9001 : 2015 CERTIFIED COMPANY

The Passion For Creativity

Don't settle for anything less than the best;
Trust JYOTI locks & hardware.

Product Catalogue 2023

Here
is a new and elegant
way of giving a different look

We are a leading manufacturer and supplier of pad locks, mortise locks, mortise handles, multipurpose furniture locks, glass locks, shutter locks, hi-tech locks and door fittings. Founded in 1968, our company has been involved in manufacturing and supplying mortise cases for both lever locks and euro locks, as well as pad locks under the brand name JYOTI. We have explored markets in North East India, South India and even small neighboring countries such as Burma, Bhutan, Bangladesh, Nepal and Sri Lanka.

Our fully equipped workshop includes power presses, hand presses, drill machines, lathes, milling machines (both vertical and horizontal), surface grinders, bench grinders, lancer machines, polish machines, vibrators, ultrasonic degreasers, backing ovens, compressors and an electrophoretic lacquer unit. We use the latest technology for polishing and finishing our products through vibratory deburring and finishing machines using Italian plastics and ceramic media. Each piece is then hand polished for an unmatched mirror-like finish to maintain standard and uniform quality.

Our mission is to provide high-quality, safe and reliable products that meet international standards to our customers. We apply polyurethane-based chemicals and lacquer from DU PONT through an electrophoretic process on our products for long life against atmospheric influences as well as everyday wear and tear.

In our recent developments, we have developed hi-tech shutter locks with ultra keys that can be used in shutters, gates and safe lockers.

Contents
